 Screening for Perinatal Depression

Useful Links

Click on the links below to access all the E-resources and the library catalogue.

Access all the e-books, journals and databases that are available to you.

[E-resources](#)

Access the library catalogue to check if your library has the books you need for your studies.

[Library Catalogue](#)

Midwifery Resources

Websites

The [Biology Guide](#) website looks at human biology, cells and molecules, diseases, evolution and ecosystem.

The [Khan Academy biology](#) section is also very informative and looks at all aspects of biology. Also useful is their [Health and medicine](#) section for human anatomy and physiology.

Use [Seneca Learning](#) website. Find information on human anatomy.

The [Get Body Smart](#) website explains the structure and functions of the human body.

[Innerbody Research](#) is a useful website, please select the Anatomy link to begin.

Credo

The Human Body Book: An Illustrated Guide to Its Structure, Function and Disorders
Cambridge Handbook of Psychology, Health and Medicine
Gale Encyclopedia of Nursing and Allied Health
Key Concepts in Nursing
The Visual Guides: Understanding The Human Body

Journals

Biological Science Review
Sage
Science Direct
Wiley Online Library

Sage, Science Direct and Wiley Online Library have a very good range of journals that you can access using Open Access resources - some of the resources are at a higher level than A level standard, however the journals are very good especially for research purposes.

Anatomy & Physiology

Anatomy & Physiology is an excellent resource, it contains many graphics, including 3D images and interactive models, narrated animations and illustrations.

Issues Online

Issues Online is a learning resources and covers a wide range of issue led topics. Users can find statistical data for their assignments, glossary of terms, key facts and links to other useful websites.

Harvard Referencing

We recommend that you use the Harvard Referencing handbook.

The "cite them right : the essential referencing guide" is an excellent book to help you. Please use the 10th or 11th edition.
