The [Visablebody](#) is a free resource that is an introduction to the human body and contains many graphical images.

Credo

Credo is an online library database, it contains many articles, books and a mind map feature which is really useful for assisting you with your assignments.

50 Biology Ideas You Really Need to Know

The Human Body Book: An Illustrated Guide to Its Structure, Function and Disorders

The Brain Book: An illustrated guide to its structure, function and disorders

Journals

Biological Sciences Review

Sage

Science Direct

Wiley Online Library

Sage, Science Direct and Wiley Online Library have a very good range of journals that you can access using Open Access resources - some of the resources are at a higher level than A level standard, however the journals are very good especially for research purposes.

Anatomy & Physiology

Anatomy & Physiology is an excellent resource, it contains many graphics, including 3D images and interactive models, narrated animations and illustrations.

Issues Online

Issues Online is a learning resources and covers a wide range of issue led topics. Users can find statistical data for their assignments, glossary of terms, key facts and links to other useful websites.

Harvard Referencing

We recommend that you use the Harvard Referencing handbook.

The "cite them right : the essential referencing guide" is an excellent book to help you. Please use the 10th or 11th edition.
